Tarkett's Balanced Choice

Contract Stella is part of Tarkett's choice of sustainable solutions, an integrated system that allows for balancing all the competing needs, while making choices that are truly sustainable and work together aesthetically.

Better materials

Where we can use renewable resources, we do

Resource Stewardship

Using fewer resources is good for the environment and the bottom line

People-friendly Spaces

We make floors that help people work, play, shop, heal and learn better

Reuse and recycle

We find ways to use more recycled content at the start and recycle more product at the end
